Re: Forced Pooling Petition submitted by Noble Energy, Inc. for the integration of interests on abandoned property known as the Lemon Cemetery.

Notice is herein given that an informal hearing has been scheduled by the Indiana Department of Natural Resources, Division of Oil and Gas at 10:00 AM , Thursday, July 9, 2009, at the Indianapolis Office of the Division of Oil and Gas for the purpose of receiving relevant information on the following:

1. The integration of oil and gas interests held by owners of the property upon which the Lemon Cemetery is located into the existing Solsman 1-32H Unit comprising the east half of Section 32, Township 7 North, Range 9 West, Sullivan County, Indiana containing 320 acres, more or less.
2. Information that would assist in determining the actual owners of the property upon which the abandoned Lemon Cemetery is located in the southeast quarter of the northeast quarter of Section 32, Township 7 North, Range 9 West, Sullivan County, Indiana, containing 0.08 acres, more or less.

The Lemon Cemetery is surrounded on all four sides by property now or formerly owned by the David Phegley Revocable Trust. Historic owners of the property surrounding the Lemon Cemetery during times when the cemetery may have been actively maintained in the mid to late 1800's include, but are not limited to: Rufus and Mary Ann Zaayer, Henry R. Wilson, Friend R. Lemon, and Josephus Walters.

Persons with any information that would assist in establishing rightful ownership of the abandoned Lemon Cemetery tract, and the oil and gas rights associated therewith, are requested to contact Herschel McDivitt, Director of the Division of Oil and Gas, 402 West Washington Street, Room W293, Indianapolis, IN 46229, 317-232-4058, email address [hmcdivitt@dnr.in.gov](mailto:hmcdivitt@dnr.in.gov), no later than 12:00 noon, Thursday, July 9, 2009.

If ownership of the Lemon Cemetery parcel is not determined by the conclusion of the informal hearing, it is the intent of the Division of Oil and Gas to reserve proceeds from the production of oil and gas from this parcel by integrating the oil and gas interests into the existing Solsman 1-32H Unit in the form of a proportionate 1/8<sup>th</sup> royalty interest of all oil and gas produced from the Unit.
